Specs: Ads must be 72 dpi, RGB and submitted as JPEG, PNG, or GIF. HTML5, Javascript, rich media and 3rd party hosted ad serving accepted. When submitting third party hosted ads please submit JavaScript in Excel document and specify the host server. Scripts must be complete. Please build to high res physical space dimensions then convert to 72 dpi for final pixel size to retain quality.

Production Charges: As a service to our clients, Alaska Business Monthly offers creative design and ad production services. Courtesy spec web ads are no charge for first ad only. Production charges will apply after first ad. Basic web ad production costs start at \$50 minimum and includes two proofing cycles. Changes to existing ads incur a minimum charge of \$25.
